A Beautiful Play.

Marietta has had the pleasure within three nights last past of hearing and seeing two most excellent plays—plays which inspire one to think that indeed there is that on the stage which is not all horse play, which shows in fact that there are plays which do not suggest the horse in the slightest degree.

Such a one was that last night—"The Adventure of Lady Ursula." It is one of the finest, subtlest and daintiest things that one could well imagine unless they had the imagination faculty in the degree that has Anthony Hope, the author of the story.

A house inverse in size to the quality of the play witnessed the production, and if it could have taken its attention from the play for an instant, would have felt sorry for itself that it was not larger; but such seems to be the luck of a really fine performance in Marietta. There will be many to-day who will say, after hearing about it, "If I only had known, I should have gone."

The company is a superb one. Miss Drake is a woman of extraordinary beauty, and has great talent. Mr. Morris is equally fine, and looks and acts the nobleman to perfection. He makes us think there must be something in an aristocrat after all. The support does not by any means ill-bet the stars, for the members are extremely good people.

Manager Lucha is doubtless out of pocket, but is by a large degree in on being the means of our hearing and seeing art of a genuine sort.

American Union Installation.

The recently elected officers of American Union Lodge, No. 1, F. & A. M., were installed Monday night with the proper ceremonies. Following are the officers installed:

Alonso B. Scott, W. M.
N. W. Bergen, S. W.
George Ryssen, J. W.
J. W. Sturgis, Sec.
Theobald Wagner, Treas.
Charles A. Jordan, S. D.
A. O. C. Ahrendts, J. D.
W. P. Mason and W. C. Peters, Stewards.

K. F. Thieme, Chaplain.
After the installation, which took place at the Lodge room, the members of the Lodge repaired to Braun's where a sumptuous feast was spread.

The banquet was followed by speeches by nearly every one present. The address of George T. Hovey was fine from a Masonic point of view.

The brethren enjoyed themselves until a late hour.

Willie Davis Dead.

Willie, the son of L. P. Davis, of the steamer Catharine Davis, died at the home of his sister in Pittsburgh Sunday, of typhoid fever. He had been sick but a short time.

Willie Davis had many friends here and at other points along the river. He had been engaged in the steamboat business for some time, having been employed for awhile on the Catharine Davis. He was 19 years of age.

His father left Sunday morning for Pittsburgh, but did not arrive before the boy's death.

The remains will be brought here today and funeral services will be held at the residence of Mrs. Catherine Davis at 2 o'clock this afternoon.

Property Sale.

J. W. Boyer sold on Saturday his dwelling property on Putnam street, between Third and Fourth streets, to Charles Meredith. The price paid was about \$6,000.

J. M. Williams has purchased of Arthur E. Moore, two lots, one on Woodward and the other on Fairview Heights. Both lots will be improved at once.

John Kaiser has bought the interest of Nelson Moore in a lot on Second street, below Butler. It is the purpose of the owners to erect a business block on the lot. The deal was made by George B. Sunderland.

Birthday Party.

A very enjoyable family gathering was held at the home of John Smith, at Lower Newport, Monday, in honor of Mr. Smith's birthday. Some of the family were unable to be present on account of sickness, while others who live in West Virginia were unable to cross the river owing to the ice. But there were enough present to have a good time. A splendid dinner was served. Among the guests were W. C. Smith and family, of this city.

Patrick Franey.

Patrick Franey, a well known citizen died at the home of his daughter, Mrs. W. G. Alexander, South Fourth street, about 11 o'clock Monday morning.

Death resulted from the infirmities of old age, he being in his eighty-fifth year. He had been ill only a few days.

He leaves five children, his wife being dead for over ten years. The hour of the funeral has not been set.

Louisa Ford.

Louisa, wife of Daniel Ford, Water-town, died at her home Saturday afternoon, the 13th instant after a lingering illness with lung trouble.

The maiden name of the deceased was Morris. She leaves a husband and three sons.

The funeral was held Monday morning, at Pleasant View church, Water-town.

After the ceremonies an elegant supper was served by J. E. McCoy Lodge D. of R. Music for the occasion was furnished by the Miner quartette and by a phonograph belonging to Wilson & Young. One of the happy events of the evening was a speech by L. W. Ellenwood.

About one hundred and fifty persons were present and enjoyed the occasion immensely.

Hon. F. A. Durban in the City.

Hon. F. A. Durban, of Zanesville, is in the city on business. He is one of the members of the company that obtained a charter in West Virginia last week for the purpose of building a railroad from back in the West Virginia hills to the Ohio river, and thence to Zanesville, probably by the Zanesville and Ohio River road.

There seems to be some prospect of that company getting control of the Z. & O., while those who think they are in a position to know say that after next Saturday the Zanesville & Ohio River railway will be the property of the B. & O.

Cutting Affair.

Early Sunday morning, a fight resulted on Washington street between Mrs. John Wesley Curtis, colored, and a white woman. Mrs. Curtis received some ugly wounds from a knife in the hands of the white woman. The trouble arose over Mrs. Curtis' finding her husband in company with the other woman.

Monday morning Officer Posey arrested Ellen and Sophia Miller at Hines' boarding house on Ohio street. The former is supposed to be the woman who did the cutting.

Will Build New Shops.

The Westerner & Dettlor Co. have purchased five lots on Third street, between Greene street and the river, with the view of making extensive additions to their plant.

They are now making arrangements to build several new buildings on the lots, to be used as shops for doing various kinds of work and a saleroom, where supplies will be handled. This change is rendered necessary in order that they may be able to meet the increasing demand for their kind of work.

Michael Smith.

Died, Sunday, January 14th, at his home near Layman, this county, Michael Smith, a worthy and industrious citizen. The deceased leaves three children, Mrs. John Kidwell, Mrs. Emma Root and Miss Lucy Smith. The funeral was held Monday, the 15th, at 11 a. m.

Bought Partner's Interest.

Dr. E. Sloane has purchased in the interest of his partners, McGrew, Sheffield and Taylor, in the Bowie and Haas leases, near Warner. There are some wells on the property, the daily production being in the neighborhood of fifty barrels. The territory will be further developed.

Shipped to Australia.

A carload of oil well supplies will be shipped via the Pennsylvania road today for Sydney, Australia, to be used in drilling some deep water wells for the New South Wales government. The Leidecker Tool Company furnished most of the supplies.

Officers Elected.

At the meeting of the Washington County Building and Loan Association Saturday evening, the following officers were elected: Judge D. R. Root, President; John W. Athey, Vice President; W. A. Patterson, Secretary pro tem.

Circuit Court.

The January term of Circuit Court will convene today with Judges Daniel A. Russell, Thomas Cherrington and Hiram L. Sibley on the bench. The session will probably not last over a day or two.

A New Building.

According to arrangements made by the directors, the work on the City Transfer Company's new building on Third street has begun and will be pushed rapidly to completion.

Ready for Operation.

The Nye foundry will begin work again today after a three weeks shut down for repairs and taking inventory. Everything has been put in first-class condition.

Was It Consumption?

Doctors are often wrong. The local doctor is an overworked individual. He hurries from a case of scarletina to a case of diabetes and from that to the amputation of a leg. He must act quickly—sometimes hurriedly. It is not strange that he makes an occasional mistake. But mistakes are dangerous and should be avoided.

Mrs. G. E. Kerr, of Fort Dodge, Iowa, recently had some experience. She says: "Last spring I was taken with severe pains in my chest, and was so weak I could hardly walk about the house. I tried several physicians and they told me I had consumption. Before I had taken the first bottle of Dr. Pierce's Golden Medical Discovery I was very much better. I took five bottles of it and have not yet had any return of the trouble."

Was it consumption? Probably not.

The "Golden Medical Discovery" has been said to cure consumption. It surely and infallibly cures all bronchial and throat troubles. It strengthens weak lungs and cures lingering coughs. It is a healer and builder of tissue. It cleanses and enriches the blood—regulates the heart action—puts the whole body in tune with nature.

Mrs. Kerr's trouble was probably bronchial. It was painful—dangerous if let run—dangerous in the hands of an incompetent doctor. Don't take a local doctor's word for everything. Write to Dr. Pierce. Tell him your symptoms. For over thirty years he has been chief consulting physician at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Consultation with him will cost you nothing.

The River.
Late last night there was a stage of 16 feet in the river at this point and the water was falling. The ice is still running and under the present favorable conditions will probably all go out today.

A number of the boats have ventured out and are making their trips with considerable loss of time owing to the ice. Most of the boats that have been in the mouth of the Muskingum are ready to go out. The Ruff left yesterday afternoon for upper river points, while the Bedford got away on her trip to Wheeling. The remaining boats will be in the trade today.

The Lorena came down last night from Pittsburgh, over a day late on her trip. She left at 11 p. m. for Zanesville.

The Keystone State left Sunday from her temporary point of shelter in the Big Kanawha river, and came up the river nearly to Middleport, where she was overtaken by the Queen City, and her freight was transferred to the latter boat, which is taking the freight through to Pittsburgh. The Keystone State retraced her way down the Ohio to Cincinnati, which port she will leave Thursday evening and resume her regular business. The Queen City passed Marietta last evening about 10 o'clock.

The Virginia passed down Monday morning with a large trip of freight, but with only a light passenger list.

"It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Filbridge, West Cornwall, Conn.

A New Street.
Since the filling in of the low ground on Butler street and the building of the Riley block, there has been some discussion as to the proper name for the short street or way from Second street to Butler. It seems hardly proper to make it a part of either of these streets and every one has favored giving it a name of its own.

At first it was suggested that the name Wall street be given, owing to the fact that the buildings there are built on a high stone wall. But at a meeting of interested parties Monday it was decided that the new street should be called Tiber way.

Older residents will readily understand why this name is given. What is now Goose Run was at one time Tiber creek, and it is the desire of many that the name be perpetuated, even though all traces of the old creek on Butler street have been obliterated by the fill. It is thought that the name would be far more appropriate than Wall street.

THERE IS A CLASS OF PEOPLE Who are injured by the use of coffee. Recently there has been placed in all the grocery stores a new preparation called GRAIN-O, made of pure grains, that takes the place of coffee. The most delicate stomach receives it without distress, and but few can tell it from coffee. It does not cost over 1/4 as much. Children may drink it with great benefit. Ask and see per package. Try it. Use for Grain-O.
